

Client Responsibility

Power Wash Checklist (please read each item carefully)

When power washing is required, we ask that the following checklist be completed prior to our arrival:

- All cars must be moved away from the building.

- All windows and doors must be closed tightly, and screens must be removed, if applicable. We are not responsible for any damage to screens that are not removed.

- Any areas susceptible or sensitive to water penetration must be brought to the attention of the crew prior to the wash. If these areas are not brought to our attention, we are not responsible for any damage that may occur to these areas.

- If there are any specialty-type/exotic plants/shrubs, please bring it to the attention of the crew so we can avoid the area.

- Any canvas awnings must be removed prior to our arrival.

- We are not responsible for any damage to exterior electrical sockets, alarm systems, phone systems or cable systems, due to water penetration.

- Contractor is not to be held responsible for any damage to planted flowers/vegetables in flowerbeds due to volume of water used during washing process.
